

**MIOXSELLE®**  
**Dietary supplement**  
**140 g net / (20 sachets of 7 g)**  
**Contains sweetener.**

Mioxselle is a dietary supplement containing myo-inositol, folic acid, vitamins and minerals. Zinc supports normal fertility and reproduction, vitamin B6 supports the regulation of hormonal activity. The product can be consumed by women with polycystic ovary syndrome.

**Recommended daily dose:** 7 g (1 sachet)

Dissolve contents in approximately 100 ml of water and drink immediately.

Do not exceed the recommended daily dose. The dietary supplement cannot be used as a substitute for a varied diet. Do not use in case of hypersensitivity to the ingredients of the preparation. The product is not intended for children, pregnant or breastfeeding women. Before use, it is recommended to perform a 25-(OH)D blood test and consult the test result with a doctor or pharmacist. Remember about a healthy lifestyle and a varied diet. The product is intended for a healthy adult population up to 75 years of age.
